

GUIDE TO THE GALAXY EVENT CENTER

Thank you for choosing The Galaxy Event Center at Wahooz for your upcoming event. Our aim is to make it an event to remember for the beautiful venue, the delicious food and the fantastic service. We also promise to make the event planning process easy and efficient for you so that on the big day you can sit back and relax, along with the rest of your guests.

This Guide to the Galaxy will provide you with all the details you'll need to execute an outstanding event, with guidance from your event coordinator every step of the way.

If your event includes outside vendors, such as trade show organizers, promoters, decorators and exhibitors, **they will be expected to adhere to the policies and procedures** outlined in this guide. As the promoter of your event, **you will be required to distribute these policies** to your event partners and ensure they are followed.

Please see our Catering Guide for all catering related information.

ACCESSIBILITY

The Galaxy Event Center is committed to making our guest experience enjoyable and comfortable for everyone. All public areas and restrooms are ADA and wheelchair accessible. Please advise your event coordinator of any special considerations.

The Galaxy has wheelchair accessible entrances from Wahooz Family Fun Zone, including a push-button door opener at the front entrance of Wahooz.

The Galaxy owns a limited number of wheelchairs that are available upon request at no charge. Please request in advance.

A family restroom is available in Pinz Bowling Center.

ANIMALS

Guests with special needs are welcome to bring trained service animals that are covered under the ADA guidelines into the Galaxy Event Center.

With the exception of ADA Service Animals, no animals or pets are permitted in the Galaxy. The request for approval for other animals to be on the premises must be approved in advance. The ADA defines a

service animal as any guide dog, signal dog, or other animal individually trained to provide assistance to an individual with a disability. If they meet this definition animals are considered service animals under the ADA, regardless of whether they have been licensed or certified by state or local government. Any animals allowed into the Galaxy must be supervised at all times.

AUDIO VISUAL SERVICES

The Galaxy has a built-in, state-of-the-art audio visual system, including projectors and screens that drop down from the ceiling. Our built-in sound system allows sound to be projected throughout the Galaxy, or in individual rooms. Handheld and lapel microphones are available (see Microphone section below).

The Galaxy provides a laptop for use in each meeting room. We recommend bringing a flash drive with presentations to use on our laptops. If you bring your own device to display your presentation you will need to bring the appropriate adaptor to plug into your device. We have HDMI and VGA connections for video and 3.5mm line input for auxiliary audio. We cannot provide technical support for your device.

Testing your audio visual needs in advance of your event is highly recommended. Please make an appointment with your event coordinator.

The Galaxy offers complimentary or wired WIFI service. Please see Internet/WIFI/Networking section below.

If you choose to use an external service provider for more advanced audio visual needs we will provide close coordination with our in-house audio visual team. All external service providers must provide a certificate of insurance listing Blackmor, LLC as additionally insured in the amount of \$1,000,000. A 10% service fee will be added to all audio visual services billed by external providers.

All electrical or audio visual cables must be secured with gaffers tape for safety purposes. Matting or cable trays may be required.
